Consent to use third-party software

Ryde Secondary College

5 Malvina Street, Ryde NSW 2112, Australia

Phone: 98094894

Email: rydesc-hschool@det.nsw.edu.au

Dear parent/carer,

Ryde Secondary College is committed to providing a technology-rich environment for our students. Our school community considers the use of Information and Communication Technology (ICT) as fundamental in assisting teaching and learning in all areas of the school curriculum.

The school uses third-party software providers offering web-based online educational resources and cloud-based storage to support our administrative functions and enhance student learning outcomes.

In most instances, students are required to register before accessing the software. Registration involves either a staff member or student entering identifying information such as name, school year, and the student's school email address into the software.

The Department of Education has entered into contracts for a range of essential student education and administration software. The department has assessed the privacy impacts and data security controls as compliant with NSW privacy requirements and a list of that software is available at https://education.nsw.gov.au/public-schools/ going-to-a-public-school/privacy-information.

Additionally, this year Ryde Secondary College will use the third-party software listed in the table below. Please indicate your consent for each application.

Below is a consent form seeking your approval to register your child to use certain software. If you require further clarification, you can contact the school by phone or email.

Yours sincerely

Cassy Norris

Principal

Software Name	Student Information Captured	Country Information Is Stored	Information Shared	Consent
GeoGebra This service provides interactive mathematics software and classroom resources for all levels of education covering topics, including geometry, algebra, spreadsheets, graphing, statistics and calculus. **https://www.geogebra.org/?lang=en-AU**	Email address, Works, Image*, First name*, Surname*, Age*, Home address*, Gender*, Languages spoken*, Country or State/Province*, Username - determined by the user. * denotes optional fields that should not be disclosed unless specific consent is provided. Consent to use third-party software

This consent remains effective until I advise the school otherwise in writing.

I acknowledge that my child must abide by the conditions of acceptable usage set out in the department's Student use of digital devices and online services [https://education.nsw.gov.au/policy-library/policies/pd-2020-0471] and that any breach of this policy may, at the school's discretion, result in disciplinary action in accordance with the school's behaviour policy.
